CAD Resources

Inventor and AutoCAD Access

Free Version of AutoCAD and Inventor (UCSD Students)

We recommend downloading the 2018 versions - this is the version installed on the school computers. It is not possible to open 2019 version files in the 2018 version, or to open the 2018 version files in the 2017 version.

- [Installation Error: "Some products failed to install" Fix](#)

Note about Inventor for Mac:

Inventor can only be installed on a Mac using a Windows partition as detailed by Autodesk Support [here](#). The TA Please use other options such as Virtual Machines (link below) or using the computer labs during evenings and weekends. If you are enrolled in class, you can find the door code [here](#).

[SolidProfessor Account](#) (Required purchase for MAE3)

[Virtual Machines](#) Allow UCSD Software to run from any computer

* Instructions on how to sign up for and use these Virtual Machines can be found [HERE!](#)

The screenshot shows the MAE3 course website for UC San Diego. The page has a navigation menu on the left and a main content area. The navigation menu includes sections like Course Overview, CAD Resources, 3D Printing, Lasercamm, DFM, Analysis Software, Physics, Machine Design, and Handouts. The main content area is titled 'CAD Resources' and 'Inventor and AutoCAD Access'. It provides information about the free version of AutoCAD and Inventor for UCSD students, including a list of links for downloading and troubleshooting. A note specifies that Inventor can only be installed on a Mac using a Windows partition. There are also links for SolidProfessor Account, Virtual Machines, Computer Lab, and CAD Templates.
